

cancel_test

```
graph LR; A[cancel_test] --> B[EventLoop::cancel]
```

A diagram showing a call from a function named 'cancel_test' to a method named 'EventLoop::cancel'. The 'cancel_test' box is shaded gray, while the 'EventLoop::cancel' box is white. A dark blue arrow points from the right side of the 'cancel_test' box to the left side of the 'EventLoop::cancel' box.

EventLoop::cancel
